Guardian Consent for a Minor’s Tattoo

Tattooing a person under 18 is lawful only with the consent of their legal guardian, alongside the young person’s own informed agreement (**§§ 223, 228 StGB**). We tattoo 16- and 17-year-olds only under the conditions below, and we do not tattoo anyone under 16.

> **What we require** for every appointment with a 16- or 17-year-old: the consent of everyone with parental custody, a legal guardian present throughout the appointment, and valid photo ID shown for both the guardian and the young person.
